FEDERAL CREDIT UNION

## 2016 Bonus Dividend

As an invested member and owner of Alcon Employees FCU, you reap the benefits of the Credit Union's profitability! On a daily basis, our members see an attractive return on their investment in the form of higher-than-peer savings rates and lower-than-peer loan rates.

Our members are also freed from excess fees as the Credit Union offers certain services at no charge that might not be free at other financial institutions.

As an added benefit of your membership, we are excited to announce that our members have received an additional return on their investment on December 30, 2016. Due to the Credit Union's solid financial performance this year, the Board of Directors approved a bonus dividend of 0.20% APY (Annual Percentage Yield). It is because of our members that your Credit Union could pay this special bonus dividend.

The bonus dividends were paid on the average daily balance in share savings accounts for the period 1/1/16 to 12/30/16.

We want to thank you for your membership and trust over the past 44 years and for making us the choice for your financial needs.

Thank You for your loyalty! We look forward to continuing to serve you in the New Year!

Kiki Shollar
